

## QUALITY COUNTS PROFESSIONAL DEVELOPMENT MENU – SEPTEMBER 2016-JUNE 2017

Quality Counts (QC) participants are encouraged to complete 21 hours of professional development (PD) activities each year to enhance their knowledge and skills. Below you will find a menu of PD opportunities available to you from September 2016 through June 2017. Since some of the trainings are scheduled to occur shortly, please begin to plan which trainings you and your staff will take part in as part of your overall site improvement goals. Once you are assigned a Coach, she will assist you in developing a Quality Improvement Plan (QIP) which will specify your goals and trainings for the next two years. **ALL TRAININGS ARE FREE OF CHARGE.**

All listed trainings, with the exception of the QUALITY COUNTS TRAINING SERIES, will count towards the 21 hours of professional development training for the Quality Counts PD stipend of \$350.00. However, you are *strongly encouraged* to attend the QC Training Series to enhance your understanding of QC and its various components. If you are interested in taking advantage of any of these professional development activities please see below registration details.
