## For Alameda County Early Care and Education Providers

(Directors, Teachers, and Family Child Care Providers  
working with children 0-5 years old and their families)

# Touchpoints Approach™ Training

Using the Touchpoints Approach™, child care providers identify opportunities to work together with families to bring about better health and school readiness outcomes for children. The Touchpoints Approach™ offers strategies for supporting family-child, family-provider, and provider-provider relationships. Providers move beyond helping children to strengthening families.
