Sowing the Seeds of Wonder: Discovering the Garden in Early Childhood Education

Presented by: Staff from Life Lab Educational Center, Santa Cruz, CA

Saturday, May 10, 2014
9:30am-3:30 pm
Harder Elementary School
495 Wyeth Road, Hayward

Workshop capacity: 25

- Priority given to providers working with children ages 3-5 at a licensed program in Southern Alameda County
- Preregistration and Prepayment required

Submit Applications:
Linda Bringman
22351 City Center Drive, Hayward 94541

Questions: lindab@4c-alameda.org
510-584-3133

Spend a day thinking about the power of outdoor learning and looking at gardening through the eyes of young children. At this workshop you will:

- sample activities designed to encourage preschoolers to learn about the world using their senses
- practice basic gardening skills with a focus on gardening with young children
- discuss safe and age-appropriate garden design
- learn garden art projects and songs

Each person will receive a packet of handouts and each program will receive Life Lab’s book, Sowing the Seeds of Wonder.
